## **TAKE THE 2017 ANNUAL SARTELL PERFORMANCE MEASURES SURVEY**

Starting today through November 10th, citizens of Sartell are able to participate in a performance measures survey which was developed by the Council on Local Results and Innovation created by the 2010 Legislature. The purpose of the performance measures survey is to aid elected officials in determining the efficiency of city services and measuring residents' opinions of those services. Participation in the survey is voluntary and anonymous. The more people that choose to participate in the survey, the more valid the results will be. So, please encourage your Sartell friends, neighbors and business owners to participate in the survey in helping to guide the City's decision making on service priorities.

The survey will take 2-10 minutes to complete. To participate in the survey, you must be a resident or business owner in Sartell. Participation is limited to one survey per resident or business.
